

**REMARKS/ARGUMENTS**

(1) **Summary of the Office Action**

In the Office Action dated November 17, 2005, the Examiner issued a requirement for restriction. More specifically, the Examiner expressed the view that the following inventions were distinct:

- I. Claim 1 - 5, drawn to a testing medium comprising a gas, classified in class 62, subclass 100.
- II. Claim 6 - 20, drawn to a method of using a gas, classified in class 73, subclass 1.16
- III. Claims 21 - 24, drawn to a method for cooling a test medium, classified in class 73, subclass 1.01.

Accordingly, the Examiner has requested that the Applicant restrict the application to one of Group I, II or III claims.

In response to the Examiner's request, the Applicant hereby elects Group II claims (claims 6 to 20) be examined in the present application.

If after reviewing this response, the Examiner believes that a telephone or personal interview would facilitate the resolution of any remaining matters, the undersigned attorney may be contacted at the number set forth hereinbelow.

Respectfully submitted,
